CURRICULUM  
PROJECT

## ABOUT BCP

Founded in 1996, the Baltimore Curriculum Project (BCP) is the largest operator of local neighborhood public charter schools in Maryland. The BCP mission is to develop, implement, and advocate for an equitable, sustainable, and replicable education model that improves student outcomes and opportunities and raises educational standards for all youth in Baltimore City schools.

## ABOUT THE EVENT

After a three-year break due to the COVID-19 pandemic, BCP is excited to bring back its annual "Are You Smarter" Gala on April 20, 2023, at the Baltimore Museum of Industry.

Established in 2012, the event serves as a fun and engaging fundraiser to celebrate student accomplishments and support vital programs across BCP's six schools. This year, the event features both a 5th-grade round and an 8th-grade round, reflecting BCP's growth and expanded school network since the last Are You Smarter event in 2019.
